INDEX TO CONTENTS

The use of this index will be greatly facilitated by remembering that articles are often listed under more than one heading. Scientific articles may be found under the name of the author and the name of the article as well as under listing of authors and scientific articles. Editorials and deaths are listed under the special headings as well as alphabetically.

Pages Included in Each Issue

January	1-46	July	317-352
February	47-90	August	353-382
March	91-133	September	383-414
April	134-190	October	415-448
May	191-222	November	449-478
June	223-316	December	479-517
